

Gulet

AURUM

ABOUT

A true gold, only in blue, gulet Aurum gives you the luxury and nobility of this precious metal. Resistance to corrosion and averageness are one of the other touch points, and the richness of Aurum is the most noticeable one. The comfort and equipment on the boat will give you goosebumps every time you recall the experience. The covered rear deck with a large table will tempt and test your senses when the smells of Dalmatian cuisine start dancing around you. Behind the table, a semi-circle sofa can fit all of you for a tribal meeting, or you can spread around on numerous mattresses, chairs, and sofas, and just relax enjoying in the sun. Front deck or upper deck, run for your own quiet place and bide your time till jumping into the sea to cool off. Inside, the air-conditioned lounge offers a relaxation while playing card games, or keeping touch with the world through TV and the Wi-Fi. Six en-suite cabins with AC and double beds await the exhausted ones longing for a quick nap. An experienced crew led by an outgoing captain Jere really love their work and take the most joy by making your stay on Aurum most welcome and fulfilled as it can be. Welcome to Aurum!
