

Gulet

SAN

ABOUT

One of the goals for any person is probably to fulfill a few dreams in one's lifetime, child or adult ones. We will gladly give you our "dream" to fill it as gulet San, "dream" in English, has room for 14 of you. Your dreams don't weigh much so bring them along, we can live some of them together. Dining at the table or lying on the sofa, Dalmatian prosciutto and cheese in one, red wine in the other hand, surrounded with your family and watching the beautiful sunset...that's a "rear deck dream" on San. On the front deck, you can dream for real. Take a nap on mattresses, soak in the sun rays and then jump into the water to cool off. For the adventurous ones, there are kayaks, water skiing fishing, and diving equipment. Blue colored details with maritime motifs in the saloon really look like as from a dream, especially when illuminated by the sun coming through the windows. Great spot for group hangouts while playing cards and board games. Twelve adults and two kids can easily fit in the six air-conditioned, en-suite cabins, also in blue and dark wood combination that will relax you upon the first look. Of course, our outgoing crew with Davor in charge is there to make everything go as planned. You won't be bored with this guy! :) Keep dreamin'!
