

Gulet

TANGO

ABOUT

Wanna do the Tango on the waves? Feel them dancing and touching, making beautiful white crests looking like a blue tuxedo from the deck of our Tango, beautiful gulet perfect for you and your family. The combination of blue and light colored wood, with red on top goes right by its name, especially while sailing, when it joins the waves in this passionate dance. The rear deck has a large table where you will enjoy in all Dalmatian specialties made by our experienced chef. Red sunbathing mattresses and semi-circled sofa will provide you with a perfect excuse to get lazy. Just to lie down and do nothing, perfect work. The large salon exudes elegance and luxury wherever you look at. Large windows with red curtains provide the only thing this salon can lack. Light. When lit with the sunlight, this salon looks as from some old movie with the leather-covered sofa and short glass coffee-tables, perfect for enjoying an aperitif in a summer night. Big screen TV and a bar round up this beautifully decorated room. If the decks and the salon were breathtaking, wait until you see Tango's seven ensuite and air-conditioned cabins with double beds. All covered in light wood, they continue the path set up by the rest of the boat. Big beds, elegant colors and two windows in each cabin guarantee pleasant dreams for everyone. A wide range of sporting activities: kayaking, jet skiing, water skiing, banana, snorkeling equipment, and fishing await those addicted to adrenalin activities. The professional and carefully selected crew will be there to assist you with everything you need, even a dance partner. Enjoy!
