

Gulet

ALBA

ABOUT

Speechless. That's the word to describe Alba at first sight. Ok, seeing it from the outside, you won't be blown away. At the back, you will see an extended stern area in shade with a dining table and sun chairs to occupy after the delicacies you consume. Going upward to the bow you will find more options for tanning and drinking coffee as the sun mattresses get in the equation and provide the space for everyone to join the terrible work of doing nothing. Regular deck on gulets, you would say.

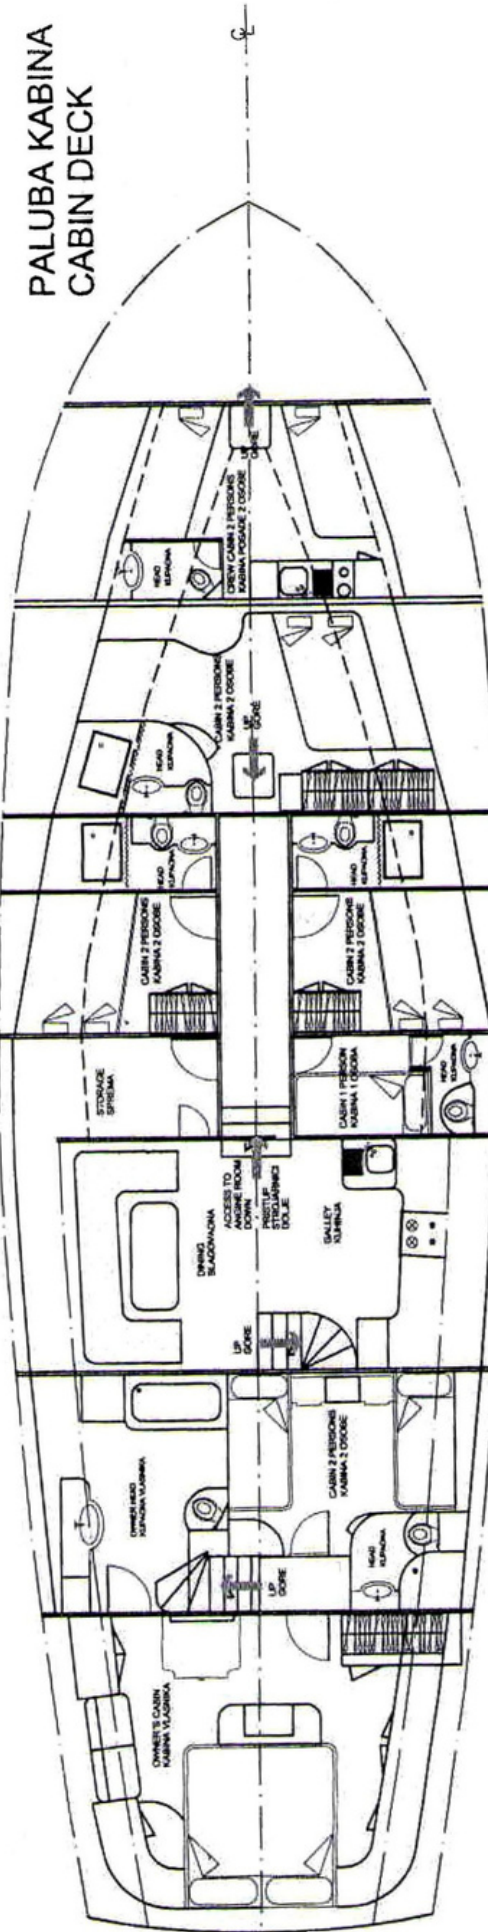

Then you enter the inside. My goodness! The first thought is: "how could this be possible?" Luxurious and modern salon in a combination of leather, marble, and wood, adding a glass table...doesn't sound right? But it looks right, believe us! The style, the quality, and crew service will impress you. This is not even the best part!

We like to say that the least time spent on a gulet is inside the cabin but when you see these ones you will forget you were on the Adriatic and the beauty is outside. 5 air-conditioned cabins with en-suite bathrooms can accommodate 10 people, and these 10 will wage war! No rules or seniority apply when it comes to sleeping in a master cabin like the one on Alba. No sin or crimes for acts of violence exerted for a higher purpose such as being able to wake up in this luxury. Indeed, the VIP cabin, two double cabins, and a twin cabin have their charms. The spaciousness and the combination of wood and carpeted floor, the elegant comfort, and soothing colors make you feel warm. At heart only. God knows you don't need more heat in summer! Come and testify for yourself!
