ABOUT

In abundance of new princesses, the true one is to be found only in Croatia. Summer Princess is a beautiful gulet that will stun you with its luxury, elegance and perfect mixture of colors. Plenty of comfort and great service on board makes it perfect for families and friends. You can be sure in latter one since the owner Davor is highly experienced and enjoys in what he does best, sailing and making sure you feel as the rest of the Royal family. It has to be said, he will also give you a tough time while on Princess. Day after day you will have to make a decision whether to taste every bit of delicious food the chef prepares at the large table surrounded with elegant sofa and chairs, or to spread yourself on beautiful mattresses on the front deck. Glass of champagne in one, good book or a selfie stick in another making your friends jealous as hell. Afterward, you can dive in the sea or check the inside. Kitchen island with a cozy lounge creates a perfect space to relax and get away from the sun a bit. Playing card and board games, lighting a Cuban in Al Pacino style, or drinking shots of orange juice for "health directed" guests, guarantees fun. 😊

Five en-suite cabins with an astonishing VIP cabin for up to 10 members of your Royal family serve just as a final stop at the end of the day. But what a stop that is! You will feel as in the Ritz hotel with the classy design inside. Your dream is on so come and be a princess on the Princess! We promise we won't put peas on your beds. 😊
